

GCU GROVE STUDENT DORMS

MULTI-UNIT | STUDENT HOUSING | Phoenix, AZ

Four, 6 story, on-grade student residential developments; the structural frame is a second floor with a concrete post-tensioned slab, a third floor concrete, mild steel podium slab and a 4 story Type 5A wood building above. Each floor plate is 32,000 SF. The project design is flipped for a second dorm building and re-used for the third and fourth dorms.
